Varicella	3	3	2	3	3	2
Yersiniosis	0	0	2	0	0	2

*Please share this document with all physicians/staff in your office/facility*

\* The report includes the diseases that the total count per year is not zero. Data are preliminary and subject to change; data accessed 04/16/2025 from <https://www.nnph.org/files/ephp/communicable-diseases/weekly/washoecounty.html>

\*\* HIV Stage 3 was previously known as AIDS.

† Hospitalizations due to Influenza, not case totals. NSPHL performs influenza subtyping of specimens submitted for surveillance purposes by sentinel provider sites; however, all typed specimens are included in surveillance, even those not submitted by sentinel providers.

\*\*\* Syphilis (EL, LL, DU) are Early Latent, Late Latent and Duration Unknown.

## Statistics

**Figure 1: Provisional Q1 total\* for selected notifiable diseases\*\* reported compared to Q1 average for 2020-2024, Washoe County**

## To Read Figures

These figures compare reported morbidity for selected communicable diseases during the most current quarter in comparison to the historical morbidities reported in the respective quarter over the previous five years. For example, the total number of cases for chlamydia in 2025 Quarter 1 (Q1) was 569; however, the average of the Q1 totals from the past five years was 614.2. The ratio of the 2025 Q1 total compared to the mean of the Q1 totals from the previous five years is 0.074, which means that the number of cases of chlamydia reported in 2025 Q1, when rounded to the nearest tenth, was 7.4% less than the average number of cases reported during Q1 of the previous five years.

## Reporting

The list of reportable communicable diseases and reporting forms can be found at:

<http://tinyurl.com/WashoeDiseaseReporting>

**Report communicable diseases to Northern Nevada Public Health. To report a communicable disease, please call 775-328-2447 or fax your report to the NNPH at 775-328-3764.**

## Acknowledgement

Thank you to all health care providers, infection control practitioners, laboratory staff, as well as schools and daycares for their reporting and collaboration to make this work possible.
